The Honorable Nathan Deal
Governor, State of Georgia
Georgia State Capitol
Atlanta, Georgia 30334

Dear Governor Deal,

Pursuant to the Official Code of Georgia Annotated §43-40-2 (g), I submit the Annual Report of the Georgia Real Estate Commission, ("the Commission," or the "Agency") for the fiscal year July 1, 2016, through June 30, 2017 ("FY 2017"). This report includes: (1) a summary of actions taken by the Commission; (2) a financial report of Income and Disbursements; (3) staff personnel; (4) the number of persons licensed by the Commission; and (5) steps taken in education and research to disseminate information so all licensees can be better informed to protect the public.

Since the Commission also provides administrative support for the Georgia Real Estate Appraisers Board (GREAB), I have included separate information concerning it though the budgets are combined.

FY 2017 ended with a real estate licensee population of 88,623. This is an increase of 3,650 licensees from FY 2016. FY 2017 ended with an appraiser population of 4,316. This is a decrease of 56 licensees from FY 2016. The licensee population increased in FY17 as the number of individuals becoming licensed increased and this offset the number of individuals choosing not to renew a license.

By law, no general State tax revenues may be used to support our Agency's operations. All funding comes from license fees together with retained revenue (reimbursed for disciplinary actions). With an increase in the licensee population in FY 2017, the Agency returned approximately \$542,247.00 surplus to the state.

Sincerely,

Clayton Foster
Chair

Agency Investigative Statistics by Fiscal Year
(Includes Real Estate Commission and Appraisers Board Cases)

In addition to written Requests for Investigations, the Commission’s staff answers a number of questions daily, including complaints and inquiries received from telephone or walk-in individuals. The staff resolves most of these informal matters rapidly to the satisfaction of the public. Many complaints involve contract disputes and require legal assistance. In those instances, the staff recommends that the complaining party seek legal counsel or consider pursuing the matter in court for appropriate action.

Agency Disciplinary Actions Imposed by Fiscal Year
(Includes Real Estate Commission and Appraisers Board Cases)

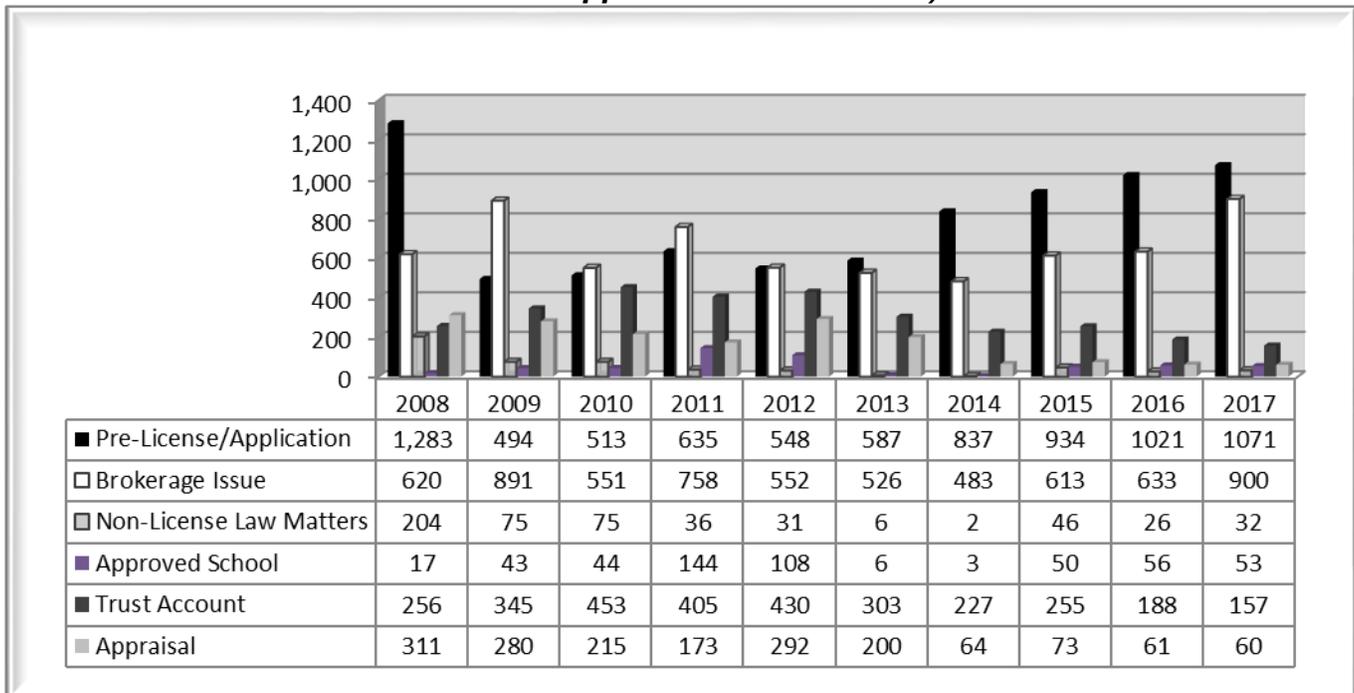

Disciplinary Actions include Citations (generally for less serious violations – 143 in FY2017) or Sanctions (for more serious violations – 43 in FY2017). The Commission also has an option to send “letters of findings” to licensees when an investigation reveals only technical license law violations that involve no harm to the public.

The Commission and Board make extensive use of Consent Orders to resolve contested cases. Where there is little dispute regarding the facts in a case and the parties agree on the sanction to be imposed, the Commission and Board use the Consent Order to save parties the time and the expense of a full, formal hearing before an Administrative Law Judge. Most cases are resolved without a formal hearing. Only six cases were heard before an Administrative Law Judge in FY2017.

Agency's Separate Budget Unit Status

A 1977 court ruling and subsequently adopted state statutes require that the Commission's budget for direct and indirect costs approximately equal its revenue collections. Revenue collections are fees paid by licensees for both new licenses and the renewal of existing licenses. Direct costs include expenses for which the Commission directly pays; for example, salaries, rent, computer charges, administrative law courts and Special Assistant Attorney Generals (SAAGS) for legal work on disciplinary cases. Indirect costs include the Office of the Georgia Attorney General for additional legal work and the Georgia Secretary of State for Human Resources services. In past years, The Governor's Office of Planning and Budget (OPB) and the Legislative Budget Office (LBO) have instructed the Commission to base its proposed budget so that the State's appropriation to it equals approximately 85% of its income. The 15% difference retained by the State pays the indirect costs.

If the Commission's fee income significantly exceeds the State's appropriations to it, it must reduce fees charged to licensees. Conversely, if fee income falls significantly below the State's appropriations to it, the Commission must increase fees to licensees.

In 1990, the State of Georgia created the Georgia Real Estate Appraisers Board (GREAB). The Commission performs similar services for appraisers as it does for the real estate licensees. It regulates, educates and disciplines appraisers in the same manner as real estate licensees. The budget for the Commission includes the fee income and cost of the GREAB.

From the years 2000 through 2008, the fee income from real estate and appraiser licensees significantly exceeded the Agency's expenditures. This was due to a significant increase in new licensees. However, the licensee population started declining in 2008 and continued until FY15, which showed a slight increase of 171 licensees. In FY16, there was an increase of 2,174 licensees. In FY17, there was an increase of 3,650 licensees. In addition to the amounts appropriated by the State each year to the Commission, the Commission is allowed by law to retain revenue collected from disciplined licensees to reimburse the Commission for its administrative, investigative, legal costs and expenses ("Retained Revenue").

Education, Research and Recovery Fund ("Recovery Fund")

The Recovery Fund is funded from a one-time \$20.00 fee for each original real estate license issued and any interest earned in the fund. The Recovery Fund is used to reimburse non-licensees who have been harmed by a licensee but cannot recover from the licensee after obtaining a judgment against the licensee through the courts. The fund is also used to underwrite the cost of developing real estate courses, conducting real estate seminars, conducting real estate research projects, publishing and distributing real estate educational material, and for education research programs for the benefit of real estate licensees and the public. The Commission is required by law to keep a minimum balance of \$1,000,000.00 in the Recovery Fund. At the end of FY 2017, the Recovery Fund balance was \$1,617,567.

Strategic Plan

The Agency's Mission

The mission of the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board is to ensure professional competency among real estate licensees and appraisers and to promote a fair and honest market environment for them, their customers and clients, and the citizens of Georgia.

The Agency's Vision

For the public to encounter educated, knowledgeable, and ethical professionals and for those professionals to be able to obtain license renewals in an expeditious manner.

Core Values

To protect the public in maintaining a fair and honest market for real estate transactions in Georgia.
